

Name:

Exam Style Questions

Area of a Parallelogram

Equipment needed: Calculator, pen

Guidance

1. Read each question carefully before you begin answering it.
2. Check your answers seem right.
3. Always show your workings

Answers and Video Solutions

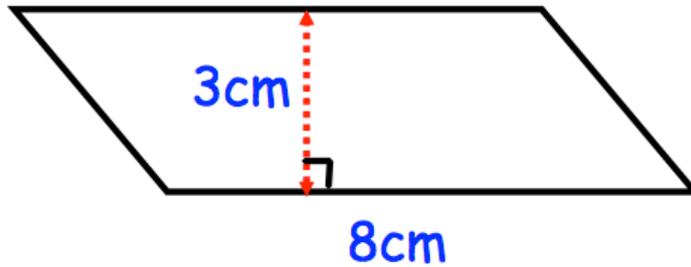

1. The diagram shows a parallelogram on a centimetre square grid.

Work out the area of the parallelogram.
State the units of your answer.

.....
(3)

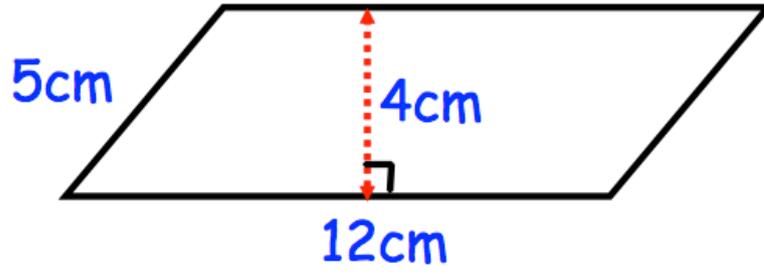

2. Shown below is a parallelogram

Work out the area of the parallelogram.
State the units of your answer.

.....
(3)

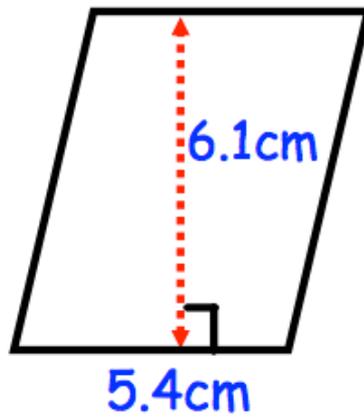

3.

Calculate the area of the parallelogram.

.....cm²
(2)

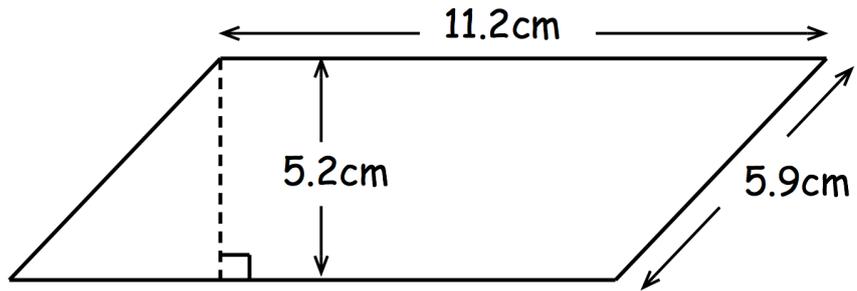

4.

Work out the area of the parallelogram.

.....cm²
(2)

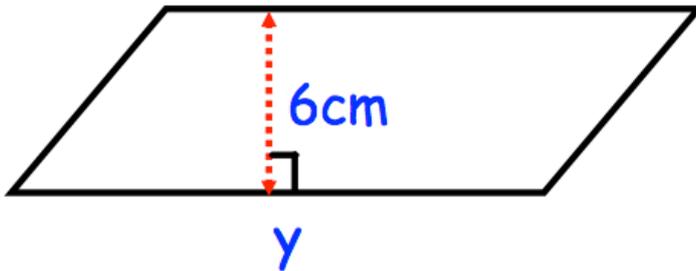

5. This diagram shows a parallelogram.

Calculate the area of this parallelogram.

.....cm²
(2)

6. This diagram shows a parallelogram.

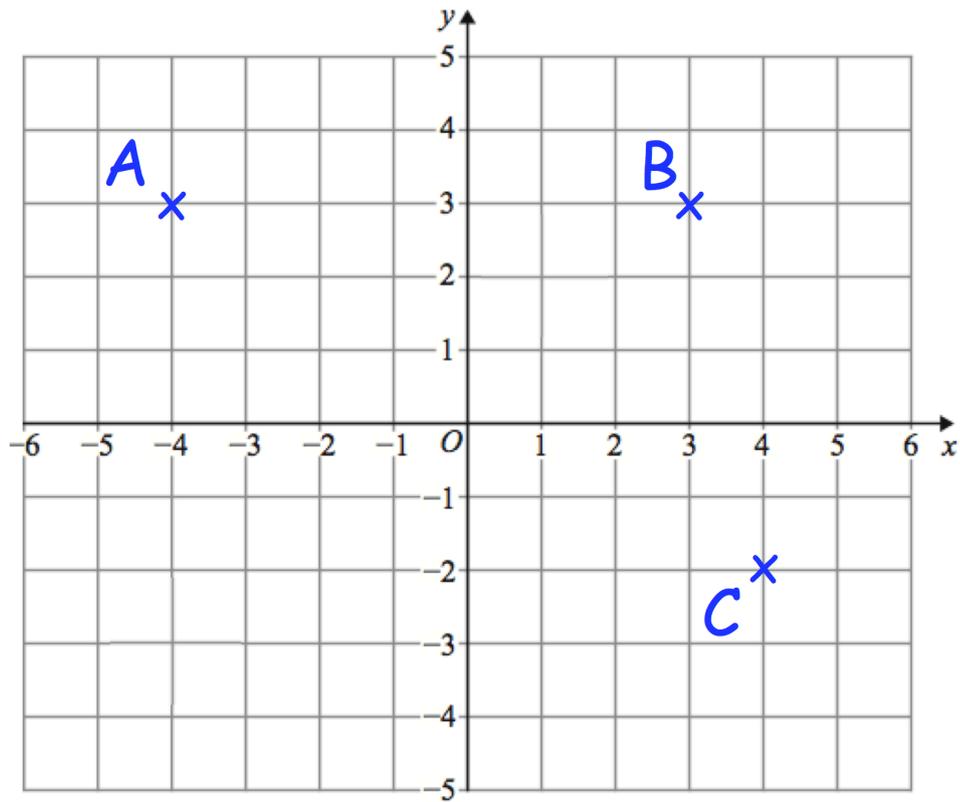

The area of the parallelogram is 54cm².

Find the length of the base, y.

.....cm
(2)

7. Shown below are the points A, B and C on a centimetre square grid.

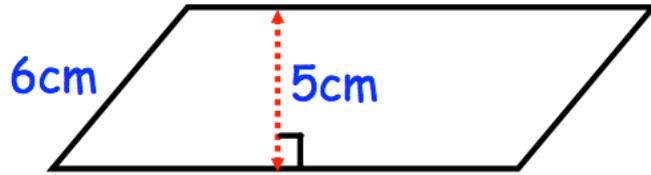

The point D is plotted so that ABCD is a parallelogram.

Find the area of the parallelogram.

.....cm²
(3)

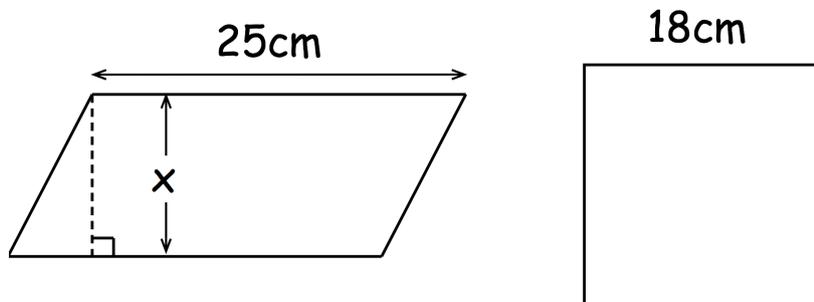

8. The diagram shows a parallelogram that has perimeter 30cm.

Calculate the area of the parallelogram.

.....cm²
(4)

9. Shown below is a parallelogram and a square.

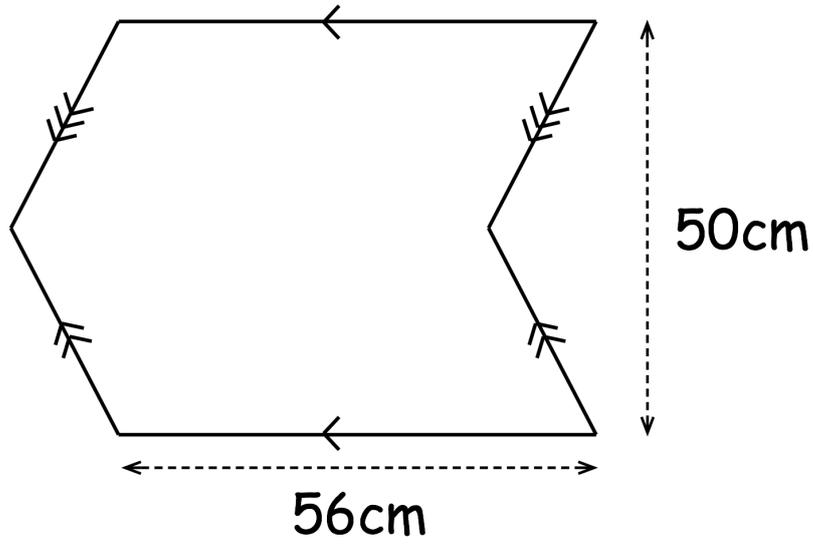

The area of the square and parallelogram are equal.

Find the perpendicular height of the parallelogram, x.

.....cm
(3)

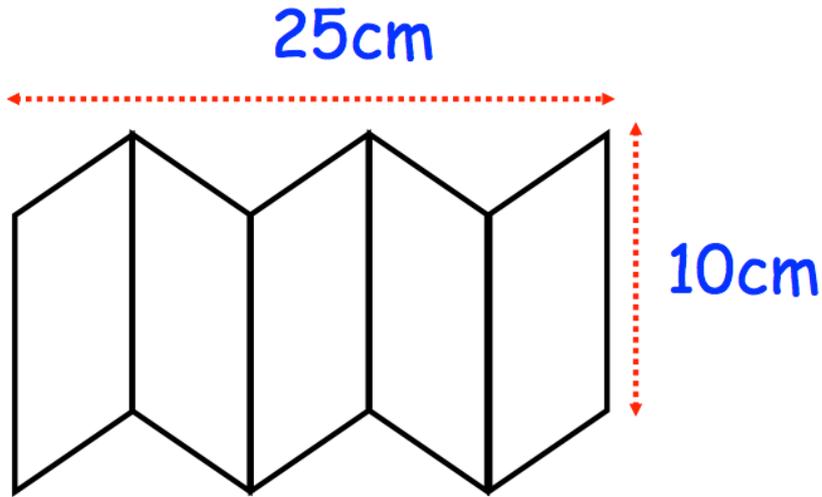

10. Dylan creates a logo by joining two congruent parallelograms.

Find the area of the logo.

.....cm²
(3)

11.

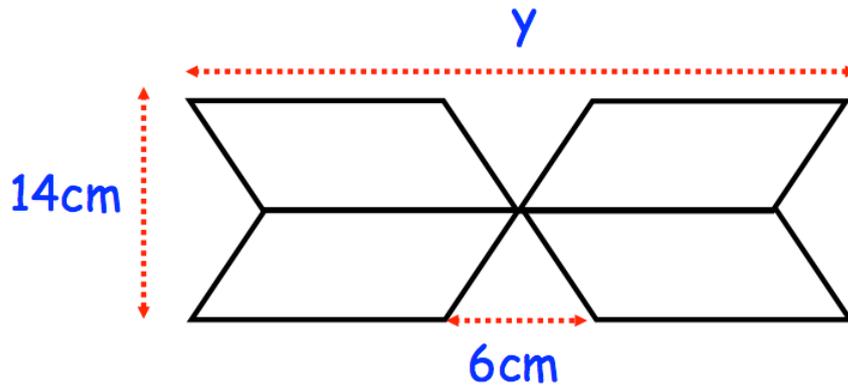

The diagram shows a logo that is made up of 5 identical parallelograms.

Find the area of one parallelogram.

.....cm²
(3)

12. A shape is made from 4 congruent parallelograms.

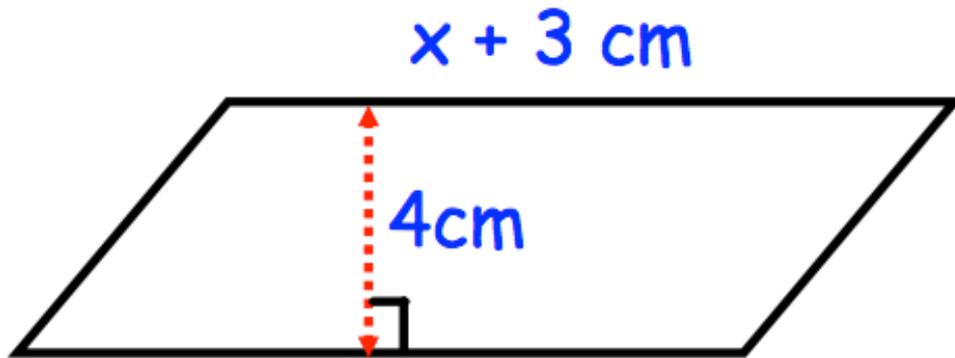

The area of the shape is 308cm^2 .

Work out the length labelled y .

.....cm
(5)

13. Below is a parallelogram with length $x + 3$ cm and perpendicular height of 4cm.

The area of the parallelogram is 30cm^2

Find the size of x .

.....cm
(4)
